

Double-Glazed Units
Reliability, impact resistance,
high thermal insulation!

- Number of Chambers: 1
- Type of Glass: Toughened
- Glass Thickness: 4-8 mm
- Energy Efficiency: From 0.8 to 1.6 W/m²
- Sound Insulation Class: Up to 35 dB
- Glass Transparency: High-transparency diamond, clear, tinted, standard transparency
- Vandal Resistance: By Pre-Order
- Sunlight Protection: By Pre-Order
- Glass: Saint-Gobain
- Size: max 3×2.5m
- Applications: Windows and doors of all types
- Production Capacity: 300 per day

- Number of Chambers: 2
- Type of Glass: Toughened
- Glass Thickness: 4-8 mm
- Energy Efficiency: From 0.8 to 1.6 W/m²
- Sound Insulation Class: Up to 35 dB
- Glass Transparency: High-transparency diamond, clear, tinted, standard transparency
- Vandal Resistance: By Pre-Order
- Sunlight Protection: By Pre-Order
- Glass: Saint-Gobain
- Size: max 3×2.5m
- Applications: Windows and doors of all types
- Production Capacity: 300 per day
